Established in 1983, Honeywagons are the industry leaders in mobile production vehicles in Australia. Our spacious, purpose-built makeup & wardrobe trucks are known by their iconic silver livery and have long been the preferred choice for stills, commercial & film shoots. Our drivers are always happy to help with local knowledge, wind buffers, and anything else you need, including coffee.

Perfect as a deluxe makeup and wardrobe vehicle or mobile green room for celebrities and children; Honey 1 and Honey 2 are identical and work perfectly as a pair. These trucks can be used as a more compact option for easier parking at city locations.
